OROCERIES! A FULL LINE OF GROCERIES, such as Sugar, Coffee, Molasses, &c., at WALLER, WATSON & CO.'S. Blue Ridge Railroad! The Air-Line Coming!

Twelve Hundred Acres of Land!

PERRYVILLE DEPOT is in the centre of the Tract of Land. Eleven Hundred Acres in forest, and as finely timbered as any land in Oconee County, which is the best timbered county of land in the State, outside of the long leaf pine.

I will present some reliable facts, that I will

vouch for, and others of my neighbors will do the same. The 1st day of May, 1852, the entire crop of wheat of this region of country was almost entirely killed with the frost. My crop was not injured in the least. Another proof that is known by my neighborhood—that there never has been an entire failure of the peach crop or any other fruit, even my chestnut or-chard never fails. An old gentleman, spending a few days with me, that had travelled over the United States and Europe, said he had never heard of a chestnut orchard before. He said he heard one gentleman in Washington City say he was going to Kentucky to plant a chestnut orchard, and he could get \$25.00 a bushel for them in New York. There is an agricultural paper published in Baltimore, from 1819 to the present day; there is a Northern gentleman writing in that paper, says he has purchased land fifteen miles below Augusta, Georgia—pine land, at ten or fifteen an acre. His object is fruit, and he can get from twenty to twenty-five dollars a bushel for them in New York.— Mr. Pell's (of New York) crop of apples brought him ten thousand dollars annually. Col. Sin-gleton's (of South Carolina) crop of pinders brought him ten thousand dollars annually in New York. A neighbor of mine, a Baptist Minister, says in wheat weighs seventy pounds to the bushel. This grows out of the fact that the Hon. Mr. Clemson, and Mr. Toumey, State Geologist, have informed you what the fer-tilizers of the State can and will accomplish if used. I got Mr. Clemson to test the rock off of my farm

I will sell from Fifty to One Hundred Acres of Land, or more, in a tract, each one commen cing on the Blue Ridge Railroad. I want purchasers to come to my residence-"Wayside"-and to look at the growth of cotton for them

I have between Six and Seven Thousand Dollars worth of Bonds, which were originally predicated on a mortgage of twelve thousand dollars worth of land. I want to sell the land
